To whom it May Concern
Planning & Zoning

I am a resident of Adams County. What I am writing about is the business that Mr Brown is going to ask to have put up. I am in favor of new businesses going up & thriving. But also I want it to look good - kept up. If there is a used car lot I hope it is good cars not ones he has purchased for salvage & have setting there. This is the last & first business you see when entering & leaving town. Also the

wages? is it on commission
or going to be wages
for the ones the hires —
Like a mechanic hopefully
it is a wage — Yes I
realize we can use some
more jobs here but let
it be where employees
can live here & also
work here - Maybe if
wages they will spend
money in this town -

1) Kept up
2) wages good
3) nice cars (if car sells)
4) Groomed land —

Thanks for Reading
my concern
