Dear P & Z and city government staff and members,

I am unable to attend the meeting regarding the proposed change to zoning for the South End Rd property, proposed by Bill Brown. As a homeowner on South End Rd, I am a stakeholder in your decision. I hope you will include requirements for dealing with the potential unappealing visual effects of the property's new use. We who have invested in creating an appealing, safe, quiet and family-friendly neighborhood hope the owner/developer of this property will do the same by landscaping the exterior, perhaps putting up visual barriers such as fences, avoiding blinding 24-hour lighting, and prohibiting guard dogs. I appreciate your efforts and trust you to govern on behalf of local homeowners. Thank you, Mary Moreaux
