Dear Mr. Qallas

The Idaho Division of Aeronautics has reviewed the design review of the commercial building on the south side of the New Meadows Airport.

As this proposal has a potentially significant effect on the safety of the New Meadows Airport, the Division of Aeronautics asks that any decision concerning this proposal be suspended until Aeronautics staff has the opportunity to inspect the site at the previously scheduled meeting of July 24, 2013. After that inspection, the Division of Aeronautics will make the appropriate comments.

You can contact me directly if you have any questions.

Sincerely,

Michael S. Pape
Administrator
Idaho Division of Aeronautics
