

Addendum to letter:

RECEIVED  
4-28-14  
MAC

- 45 minutes prior to tonight's meeting we received a flood of papers submitted by Bill Brown,
- Upon reviewing the first page, which has a one dimensional pencil drawing on a sheet of typing paper with some color added,
- We would like to call attention to the fact that this is exactly what we were referring to in our letter, still not complying with a conceptual drawing,
- And that the rest of the papers appear to be an attempt to show compliance but the very first page belies that fact,
- And given time to review the papers, we believe the flood of pages will review the same concerning the other issues,
- Attempts at explaining or offering compliance but no real measures taken.
