RE: CONDITIONAL USE AND DESIGN REVIEW BMA TOWERS, LLC

The Idaho Transportation Department (ITD) has reviewed the referenced application Conditional Use change and the Design Review for the parcels located on South End Road, 1200 feet south of US-95. ITD has the following comments:

1. ITD has no objection to the installation of a cell tower in this location.
2. Based on the Adams County Assessor's website, the site map appears to show the tower located on property owned by William and Donna Brown, not on the JI Morgan parcel.
3. No new access is requested and none is approved.
4. Idaho Code 40-1910 does not allow advertising within the right-of-way of any State highway system.
5. IDAPA 39.03.60 rules govern advertising along the State highway system. The applicant can contact Dion Burch at 334-8355 for more information.

If you have any questions, you may contact Tyson McCoy at 208-334-8335 or me 332-7190.

Sincerely,

A handwritten signature in blue ink that reads "Ken Couch".
